DATA PROCESSING AGREEMENT

Annex to the Master Services Agreement ref VGI/NCS/MSA/2022-014 - dated 14 March 2022

This Data Processing Agreement ("DPA") is between Veridian Global Industries plc ("Controller") and Nordhaven Cloud Solutions A/S ("Processor") and forms part of the Master Services Agreement.

1. Scope and roles

1.1 The Processor shall process personal data only on documented instructions of the Controller, including with regard to transfers outside the UK/EEA, unless required to do so by law. 1.2 Details of processing are in Annex I: categories of data subjects (employees, contractors, customers' contacts); categories of personal data (identity, contact, employment, system-access and usage data); no special category data is intended to be processed.

2. Security

The Processor shall implement the technical and organisational measures in Annex II, including encryption at rest (AES-256) and in transit (TLS 1.2 or higher), role-based access control, multi-factor authentication for administrative access, and annual penetration testing.

3. Personal data breach

3.1 The Processor shall notify the Controller without undue delay and in any event within forty-eight (48) hours after becoming aware of a personal data breach, by email to dpo@veridian-global.example and by telephone to the Controller's security operations centre. 3.2 The notification shall describe the nature of the breach, categories and approximate numbers of data subjects and records, likely consequences and measures taken or proposed. 3.3 The Processor shall bear its own costs of investigation and shall reimburse the Controller's reasonable costs of regulatory notification and of notifying affected data subjects where the breach arises from the Processor's breach of this DPA.

4. Sub-processors

4.1 The Controller gives general authorisation for the sub-processors in Annex III. The Processor shall give at least thirty (30) days' notice of any intended addition or replacement, and the Controller may object on reasonable data protection grounds. 4.2 The Processor remains fully liable for the acts and omissions of its sub-processors.

Sub-processor	Service	Processing location	Transfer mechanism
Amazon Web Services EMEA SARL	Infrastructure hosting	Frankfurt, Germany (eu-central-1) and Dublin, Ireland	N/A (within EEA)
Datadog, Inc.	Infrastructure and security monitoring telemetry	United States	EU SCCs (Module 3) + UK Addendum; EU-US Data Privacy Framework
Zendesk, Inc.	Service desk ticketing	United States	EU SCCs (Module 3) + UK Addendum
Nordhaven Security Ops s.r.o.	SOC analyst support (follow-the-sun)	Prague, Czech Republic	N/A (within EEA)

5. International transfers

Transfers to countries outside the UK/EEA shall only be made on the basis of the mechanisms in Annex III. The Processor shall carry out and share a transfer impact assessment on request.

6. Audit

The Controller may audit the Processor's compliance once in any twelve (12) month period on thirty (30) days' notice, and additionally following a personal data breach on ten (10) Business Days' notice. The Processor shall provide current SOC 2 Type II and ISO 27001 certificates annually.

7. Assistance

The Processor shall assist the Controller with data subject requests (responding within five (5) Business Days), data protection impact assessments and prior consultations.

8. Return and deletion

Within thirty (30) days after the end of the Services, the Processor shall at the Controller's choice return or delete all personal data and certify deletion in writing, including from backups within ninety (90) days.

9. Liability

Liability under this DPA is subject to the limitations in clause 11 of the Master Services Agreement, as amended from time to time.
